Dr. Burton J. Kunik Receives 2004 International Sharps Injury Prevention Award

HOUSTON, Texas, (December 6, 2004) -- Sharps Compliance Corp. and subsidiaries (OTC BB: SCOM) ("Sharps" or the "Company"), leading providers of cost-effective medical waste disposal solutions for industry and consumers, today announced the receipt by the Company's Chief Executive Officer, Dr. Burton J. Kunik, of the 2004 International Sharps Injury Prevention Award. The award was presented to Dr. Kunik by the International Sharps Injury Prevention Society.

The 2004 Sharps Injury Prevention Awards are given to honor individuals who have demonstrated creative, consistent contributions to the field of sharps injury prevention.

Dr. Burton J. Kunik founded the Company in 1994 after serving 20 years in the dental profession as an endodontist. The Company has grown to become a leader in designing cost-effective, regulatory compliant systems for medical waste and infusion therapy equipment management. The company's premier product is known as Sharps Disposal By Mail System™, a mail-back sharps container system that services alternate site healthcare, hospitality and other industrial markets. The goals of the Company are to simplify medical waste management, reduce costs, and to ensure compliance with state and federal regulations.

Dr. Kunik is also a founding member of the Coalition for Safe Community Needle Disposal, a collaboration of business, community groups and non-profit organizations that promote public awareness and solutions for safe disposal of sharps in the community.

Regarding the award, Dr. Kunik stated, "I am honored to receive this award from the International Sharps Injury Prevention Society. I believe we are filling a significant need in the marketplace; one that has previously been under-served. Smaller healthcare facilities were overlooked in the medical waste disposal industry business before the Company began addressing the market in 1994. Now, individuals and businesses with small quantities of medical waste such as homecare, hotels, cruise lines and industrial facilities have a cost effective option."

For the past 10 years, Dr. Kunik has been a champion of the safe disposal of used needles and medical sharps. He has worked to integrate safe sharps disposal practices of corporate, healthcare and industrial users across America.

Headquartered in Houston, Texas, Sharps is a leading developer of superior solutions for improving safety, efficiency and cost related to the proper disposal of medical waste by industry and consumers. Sharps primary markets include healthcare, agriculture, hospitality, professional, industrial, commercial and retail. The Company's products and services represent cutting edge solutions for a variety of industries dealing with the complexity of managing regulatory compliance, environmental sensitivity, employee and customer safety, corporate risk and operating costs related to medical waste disposal. Sharps is a leading proponent and participant in the development of public awareness and solutions for the safe disposal of needles, syringes and other sharps in the community setting.

Sharps Compliance Corp. is the exclusive supplier of Sharps Disposal by Mail systems to the Consumer Health Care division of Becton, Dickinson and Company. The Company also maintains an exclusive sales and marketing arrangement with Waste Management, Inc. whereby Sharps provides safe disposal systems and related services for Waste Management's residential and commercial customers.

The Company also has a mutually exclusive joint marketing agreement with McKesson Health Solutions ("McKesson"), a subsidiary of McKesson Corporation, to co-market and sell the Sharps Disposal by Mail System™ products and services to pharmaceutical manufacturers and biotechnology companies. McKesson is a leader in the design, implementation and management of marketing programs, specialty pharmaceutical services and patient support centers that help pharmaceutical and biotechnology manufactures successfully commercialize their products.

Sharps Compliance Corp.'s common stock trades on the OTC Bulletin Board under the symbol SCOM.

The information made available in this press release contains certain forward-looking statements which reflect Sharps Compliance Corp.'s current view of future events and financial performance. Wherever used, the words "estimate", "expect", "plan", "anticipate", "believe", "may" and similar expressions identify forward-looking statements. Any such forward-looking statements are subject to risks and uncertainties and the company's future results of operations could differ materially from historical results or current expectations. Some of these risks include, without limitation, the company's ability to educate its customers, development of public awareness programs to educate the identified consumer, managing regulatory compliance and/or other factors that may be described in the company's annual report on Form 10-K and/or other filings with the Securities and Exchange Commission. Future economic and industry trends that could potentially impact revenues and profitability are difficult to predict. The company assumes no obligation to publicly update or revise its forward-looking statements even if experience or future changes make it clear that any projected results express or implied therein will not be realized.
